A fascinating story with extraordinary inside access, Prosecutor follows the Chief Prosecutor through the first trials of the newly formed International Criminal Court. Luis Moreno-Ocampo investigates and prosecutes some of the world's worst criminals for some of the world's worst crimes. He's a hero to genocide survivors, but has bitter enemies on both the Right and the Left. Prosecutor offers front-row seats to the historic events that will determine whether the ICC is a groundbreaking new weapon for global justice or just an idealistic dream.

Based in part on the book "The Sun Climbs Slow: The International Criminal Court and the Struggle for Justice" by Erna Paris
